

New Bus Loop Parking Procedures

February 20, 2007

- Due to new parking procedures at the Ballston Spa High School, parking is no longer allowed on the building side of the Bus Loop. Please park on the East (Field Side) of the bus loop.
- Vehicles that are parked in the bus loop after 4:00 pm are not allowed on the building side of the bus loop road. It is important that the building side of the roadway be accessible to emergency response vehicles at all times. Drivers should park only in designated parking spaces as indicated on the east side of the loop.
